THE BOLHOUSE NEWS

The Bolhouse News

Welcome to the first issue of The Bolhouse News!! We will be sending The Bolhouse News periodically to update you on new and interesting changes to what we represent. We feel this is the best way to keep you up to date on the latest product advancements. The products are always changing and literature is constantly being updated online making it very difficult to keep up to date catalogs. Also, not everyone keeps a library of product literature at their office anymore. If you do keep a library that needs to be updated please let us know.

Please add news@bolhousellc.com into your contacts to make sure this is not sent to your junk mail.

Issue #1, 11/10/10

Pictured above is the Flow Form radiator from the Bisque Collection.

Runtal Radiator's New Bisque Collection

Check out the newest models Runtal Radiator has to offer. They have recently launched the Bisque collection and now have a line of artistic radiators offering both form and function. This would be a great item to pass along to any architects in your office or any architects you work with. We have samples of the Flow Form and the Seta radiators and we would be happy to bring them to your office for you to see.

Attached to this email is the Bisque catalog for your use.

Bolhouse LLC Line Card

Our line card has been changing and our contact information changed a couple years ago. Please follow the link below and download our latest line card and update our contact information.
